

Load Movers

WARRIOR Safelift

The **WARRIOR** Safelift is the ultimate equipment for alleviating problem on site handling issues. It allows professional transportation of heavy and awkward loads like safes, cabinets, switchgear, vending machines, and machinery weighing up to 4500kg.

The **WARRIOR** Safelift is supplied in pairs (one for each end of the load) and when strapped together around a load (using the 5m securing straps supplied) can lift the load to a max of 310mm (model dependent) and then be manually propelled around corridors, around corners into lifts etc...

They can be easily transported around due to their low individual weight. Units are finished in orange powder coating and zinc chromate. Mounted on non marking polyurethane swivel castors all round.

WARRIOR CE
